We — all Wis. folks — are now planning to go to Badger Reunion in S. Jose Feb. 22nd.

Emelita in Rome at last reports — may be in N.Y. about 15th of this month.

Thurs. July 4th — nearly five months since my last entry. During that there have been some changes. Mrs. Mortimer died — some time in Feb. I think. Our movement against the saloons continued for three months ending May 21st in an election which went in favor of license.

I was made Pres. of our Local Option League so during the months of Mar. Apr and May I did not go to Union to attend our Club meetings.

But I did go in June. — on the 13th — stayed that night with Blanche Howes — went with her and family the 14th to the Flag Day Fete at L. G. stayed with Mrs. E. J. again with Rosa Mond. night and came home Tues.

Rosa has sold her home — is living in a rented house and plans to build on her new lot in the spring.

Thurs. (28th ult.) I went back to S.J. to have Mr. Dusing help me about my income tax report. That P.M. I hunted up John and Mary Clay, Klee. They have sold most of their ranch near what was our home in Union Dist. and have lived in S.J. for more than a year.

Cousin Matie Middour with her little girl Aimee visited us last week and her sister, Jennie Stock, made us a flying call last Tues. as she passed this way going to her husband in Oregon.

Mr. Mayhew has been on the sick list since about Dec. 16th — has heart trouble and at times suffers much then improves for awhile till another bad attack comes on. We scarcely expect he will ever be well again and his Dr. says he may die at any time. Georgia Mayhew is at the house # to help Emily take care of him.

Business at Belvoir, this last month, has been better than in Jan.

I have recd word lately of the death of Cecelia Skidmore-Addenbrook which occurred on the 1st inst. Her brother Owen died not long ago. These two, with Horatio and Tertius already dead, leave only three (John, Louise and Evelyn,) to represent the Skidmore family. "Passing away", like our own family and Uncle Sherman's

Mr. Mayhew is still sick — confined altogether to the house. Georgia Mayhew went home two or three weeks ago — Emelita came and helped her mother two weeks — she returned to her home in S. F. yesterday and Grace Ellis is now E. Mayhew's asst. Mr. McLaren has been

night nurse for some weeks.

Sund. June 28th/14.

Mr. Mayhew died on the 7th of May. — burial, private in Oakland cemetery. Emelita stayed with her mother the first week after her father's death, Mrs. Jarvis the 2nd and Belle Cutler the third. The next week she went camping with Florence and Joe somewhere in the vicinity of Livermore. She left camp on the 13th of June to get ready to go to Yosemite with Emelita Will and myself.

We four went up to El Portal on the 15th of June where we stayed one night going in to the Valley by autobus on the morning of Tues. June 16th. We had tents, good beds and good board at Camp Curry for one week returning home last Tues June 23d, Emelita and Will stopped here, with their mother, for a few days will go on home, to S. F., probably tomorrow.

We enjoyed our stay in Yosemite very much! There were crowds of tourists at all of the resorts in the Valley and meager accommodations, only, for some. I did not try any climbing anywhere but walked and rode to various points easy of reach and from our tent door, even, enjoyed the rocks trees waterfalls and wonderful beauty of the place.

Two days after we came home a wreck on the Merced River R. R. resulted in the death of two persons and injury to others. Of course we felt ourselves fortunate to have escaped such an accident.

The day that Mr. Thayhew was buried May 9th/14, I went to Anna Metzler Wilsons in Elmhurst. Earl Metzler and wife were visiting there so we visited all together till the next day (Sund.) P.M. Then Mr. & Mrs. Walker of Alameda came for me in their auto. We rode through the beautiful O. cemetery then to their home. The next day they took me over to the Ex. grounds tried to hunt up Etta Sherman, for me after we returned to O. and the next day — Tues May 12th — Mrs. Walker and her friend accompanied me home to Niles.

I have become acquainted with the Walker family after some business transactions with Mr. Walker who was stock salesman for the Fidelity Loan & Mtge Co. I bought some stock in that Co. and, through Mr. Walker's influence on the Board of Directors, I was chosen one of the Directors and when he resigned the presidency of the Co. he did so in my favor. ——— And yesterday — June 27th/14. — I went to O. — Mr. Walker sent his son, Broom, for me in his car (who also brought me home last night.) to attend a meeting of the Board of Directors and to preside — as Pres. — for the first time.

Mond. June 8th Mr. Walker sent his car up for me with his son, Knox, in charge. We went to O. then over to S. F.

to the Ex. Bldg. in the City, then out to the Ex. grounds, Mr. Walker Mr. McConnell and Mr. Grigsby going to the grounds with us. The "nub of" for the whole trip was to sell me some "concessions" stock — which I did not buy — but I did have a good look at the "Creation Bldg and everything on the Ex grounds, finished and unfinished.

The next day I went to San Jose to take part in the Y. W. C. A. campaign for a building Fund. That campaign was successfully ended Friid. night June 12th/14, with a pledged amt. of more than $105000. I had been in S. J. for a day or two the week before and, altogether, was entertained by Mrs. Judge Richards, Miss Laura Bailey, Miss Eaton and Mrs. Baker —
